SUNDANCE

EXPAND YOUR OUTDOOR LIVING

iShade Systems - The pleasure of being at one with quality, style and the environment.

SUNDANCE

SLEEK. SMOOTH. RELIABLE.

iShade

QUALITY & STYLISH RETRACTABLE AWING

With its sleek design and smooth, reliable motorised or manual retraction system, the Sundance by iShade is the ultimate retractable folding arm awning. Perfect for those who enjoy outdoor living, the Sundance provides effective temporary external shading for those times when the heat of the sun is at its peak. The Sundance creates a cool and shady outdoor entertainment area in minutes which is protected from the intense heat, glare and harmful UV rays of the sun.

The iShade Sundance folding arm awning stylishly extends your living area by acting as a retractable, fabric roof. Its slimline headbox gives the awning a neat, compact appearance when retracted and the reliability and durability of the Sundance ensures you will make the most of your outdoor space for many years to come.

YOUR ECO FOOTPRINT

Extend the Sundance out from glass windows and doors to protect indoor spaces from the glare and heat of the outdoors. By helping to keep interiors cool you can reduce your reliance on airconditioning.

WARRANTY

We stand by our quality and technology. iShade offers a five year warranty on all products and accessories.
